wolffighting2768

Pluto, stop saying that. This place doesn't hurt you it's just one's and zeros XD

Sorry, but I'm just trying to make you SMILE ^w^.

Pluto, I may not know you or Nacho very well, but I do know you truly don't want to leave, but you feel like you have to because of this place shutting down and with all your friends leaving.

Please don't go, we all want you to stay, and I want you to stay the most. Your so much fun to hang around I just adore all your O.C.'s you have, and besides, if ya did leave, I'd have to make a whole 'nother version of the Project P.E.R.S.O.N.A. RP, because your O.C., Plutonic plays a HUGE part in the story, and I mean she is more important than Zane is right now as I am making the story. And without you, OR HER, I have no story almost.

So please, for all of us, don't leave, please stay and enjoy the time we have left here in this wonderful place. And you know we'd never abandon you EVER!

I...want to help you with your troubles, Pluto, I am so worried about you (And Nacho too...) But I can only help if you let me. So please stay, and let's get through your problems TOGETHER!

From the coolest bro around, Zane Frost.

Sorry to crash, but I feel the need to step in.

Zane, if Pluto wants to leave this place, then let her. If she says she wants to leave, and that this place hurts her, then it's your responsibility, as a good brother, to believe her. You two are different people, and won't see things the same way. While this place may seem great to you, Pluto may not see it that way. I know I personally haven't always seen this place as "wonderful", and that this place once wore on my mental health. You don't really know how she feels. If she's saying"this place hurts her," you shouldn't be invalidating her/denying that by saying "I know you truly don't want to leave." Pluto is the only one who really understands and knows how she feels. Begging her to stay for your own reasons isn't a good or healthy friendship. It's toxic behavior to guilt-trip her into staying. She needs to be able to make her own choices. Yes, you'll probably miss her, but she seems to be saying that this place is bad for her mental health, which is more important than your story. And as a friend/brother, it's your job to support her in her choice to leave, if it's for the better. As the old saying guys: "If you love someone, let them go."

@Pluto If you do leave, I wish you good luck on your path in the real world and hope that someday, you will be able to come back.
